

PLAROX MINI

Mini heating plate

Datasheet, 27.05.2021, V1

 Engineered and made in Switzerland

The "Plarox mini" is a universal table heating plate with scratch resistant coating. It can be used for watchmaking, gluing, curing, drying, heating before hunting, etc...

Machine functions

- Mini plate for drying components and movements before casing.
- Option of heating up watches prior to the condensation test.
- Temperature adjustable by capacitive touch, accuracy $\pm 2.5^\circ$
- Temperatures display by led.

Technical specifications

Supply voltage :	15 VDC (External transformer)
Power :	60 W
Heating temperature :	30 to 60 °C
Capacity :	3 watches
Weight :	550g
Dimensions (l/d/h) :	200 x 125 x 25 mm
